

IRIDOLOGY ASSIGNMENT

Presented by:

Dr. Marius van der Vyver

D.Emed, EPP, T/Dr

Dear Participant,

Herewith details of the upcoming assignment as you progress through the Iridology course. We are excited to introduce the assignment that aims to deepen your practical understanding of the subject. Please review the following information carefully:

Assignment Overview:

1. **Case Studies:** Complete three case studies focusing on one Blue, one Green, and one Brown eye. Submit a separate case study form for each eye.
2. **Presentation Sequence:** Utilize the revised page 20 of your manual to present your findings systematically, as per the form below.
3. **Submission Requirements:** Each case study must be submitted on a separate form, adhering to the specified layout.
4. **Assessment:** T/Dr. Marius van der Vyver will assess and mark the findings of your analysis.
5. **Submission Options:** You may use a large 80 x 60cm size colour photo and present your analysis on your laptop, submitting a video accompanied by a written analysis and photo as per the provided layout.
6. **Focus:** Analyse both the Left and Right eye following the systematic order outlined on Page 20.
7. **Passing Criteria:** A minimum of 90% is required for passing. Falling short of this mark will necessitate a re-presentation of your findings.

Important Notes:

1. **Practical Assignment:** Initiate your Practical Assignment immediately upon completing the Iridology course.
2. **Photography Assistance:** If you lack a suitable camera, kindly coordinate with our office manager to arrange for the capture of high-quality eye photos of your clients. A nominal fee may be charged by the practitioner.
3. **Support and Discussion:** Feel free to share your eye pictures with the group on WhatsApp at 082 3393266. Additionally, for any issues, discuss them with Marius directly at 082 428 7574.
4. **Camera Unavailability:** Even without a camera, Iridology Analysis can be conducted using a torch, as demonstrated in class.

We appreciate your commitment to this assignment and anticipate the insightful analyses you will provide. Should you have any inquiries or require further clarification, please do not hesitate to reach out.

Best regards,
Marius vd Vyver

PRACTICAL ASSIGNMENT

SYSTEMATIC ORDER OF LOOKING AT THE EYE

Student Name:		Client details:	Male/Female:	Client age:	
---------------	--	-----------------	--------------	-------------	--

We start by:

1.	Explaining to the patient what Iridology is	1.
2.	Photos	
		2.
3.	Determine and discuss the following as seen in the Left eye:	
	• Genetics	3.
		4.
	• Personality type	5.
		6.
	• Stress lines; how much stress they have	7.
	• Brain area: between 11 & 1, and see what is happening there	
	• Serotonin – Vitality	8.
	• Mental Ability	9.
	• Ego Pressure	10.
	• Epileptic area	11.
	• Medulla	12.
	• Pituitary Gland (p.g.)	13.
	• Pineal Gland (p)	14.
	• Stomach Area	15.
	• Small Intestine	16.
	• Large Intestine	17.
	• Lymph and Skin	18.
	• Anti-Clockwise	
	• Sinuses	19.
	• Eyes	20.

	• Thyroid	21.
	• Throat	22.
	• Vocal Chords	23.
	• Oesophagus	24.
	• Scapula	25.
	• Back	26.
	• Bladder	27.
	• Vagina / Penis	28.
	• Anus & Rectum	29.
	• Kidneys	30.
	• Adrenal Glands (a.g.)	31.
	• Legs	
	○ Thigh	32.
	○ Knee	33.
	○ Foot	34.
	• Lower Abdomen	35.
	• Groin	36.
	• Reproduction organs (testes/ovary)	37.
	• Diaphragm	38.
	• Spleen	39.
	• Chest Cavity	40.
	○ Breast	41.
	○ Ribs	42.
	• Arms	43.
	• Lungs	44.
	• Heart	45.
	• Shoulders	46.

	• Neck	47.
	• Ears	48.
3.	Determine and discuss the following as seen in the Right eye:	
	From 12 o'clock, anti-clockwise, to confirm a few issues:	
	• Sex drive	49.
	• Liver	50.
	• Gallbladder	51.
	• Pancreas	52.
	• Appendix	53.
4.	Timeline	
	• Determine and discuss the following as seen on the timeline:	
	○ Left Eye: From 12 o'clock, anti-clockwise, from Age 1-60	54.
	○ Right Eye: From 12 o'clock, anti-clockwise, from Age 60-120	55.
4	Notes - Insight	56.
